MEMORANDUM FOR Commander, 1st Battalion, 502d Infantry Regiment, 2d Brigade Combat Team, 101st Airborne Division (Air Assault), Fort Campbell, Kentucky 42223

SUBJECT: Separation Under AR 635-200, Chapter 5, paragraph 5-13, Personality Disorder

1. Under the provisions of AR 635-200, Chapter 5, paragraph 5-13, I recommend that Private First Class (E3) Steven D. Green, [REDACTED], Bravo Company, 1st Battalion, 502d Infantry Regiment, 2d Brigade Combat Team, 101st Airborne Division (Air Assault), Fort Campbell, Kentucky 42223, be separated from the United States Army prior to expiration of the soldier's term of service.

2. The reasons for my proposed action are as follows:

On 28 March 2006, you were diagnosed by a psychiatrist or doctoral-level clinical psychologist as having an antisocial personality disorder an adjustment disorder with depressed mood, which interferes with your ability to perform your duties and be a productive soldier. This type of continued poor performance can no longer be tolerated by this unit, the 101st Airborne Division (Air Assault), or the United States Army.

3. Other disposition of this soldier is not appropriate or feasible because further rehabilitative attempts are not practical and will not produce a quality soldier for the continued service in the United States Army.

4. The following additional information is provided:

a. Personal data concerning the background of the soldier including date of birth, MOS, aptitude scores, promotions, reductions, awards, evidence of lost time, and enlistment information are contained on the attached Enlisted Record Brief.

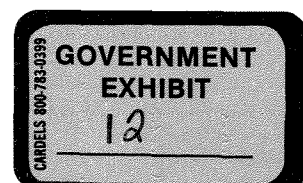

b. Paragraph 1-16 counseling is required and is attached with the soldier's counseling packet.

c. There is no evidence of previous nonjudicial punishment.

d. There is no evidence of prior court-martial convictions.

e. Report of Medical Examination is not required.

f. Report of Mental Status Evaluation or psychiatric report is required and is attached.

5. The soldier has received the following additional derogatory actions: see attached documents

6. Evidence of Rehabilitation: See contents of soldier's counseling packet which is attached.

7. Letter of notification and acknowledgment are attached.

8. Recommend the requirement for a rehabilitative transfer be waived as rehabilitation would not be in the best interests of the Army as it would not produce a quality soldier.

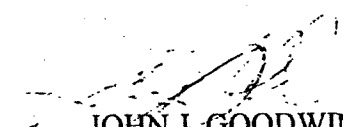

9. Soldier's election of rights (FC Form 1560 or FC Form 1561) is attached.

10. I Recommend the soldier be discharged and receive a(n):

☒ Honorable Discharge.

☐ General, Under Honorable Conditions Discharge.
